

Injection LED Module

Areas of application

- Mall light box
- Subway light box
- Advertising light box
- Large blister luminous characters.

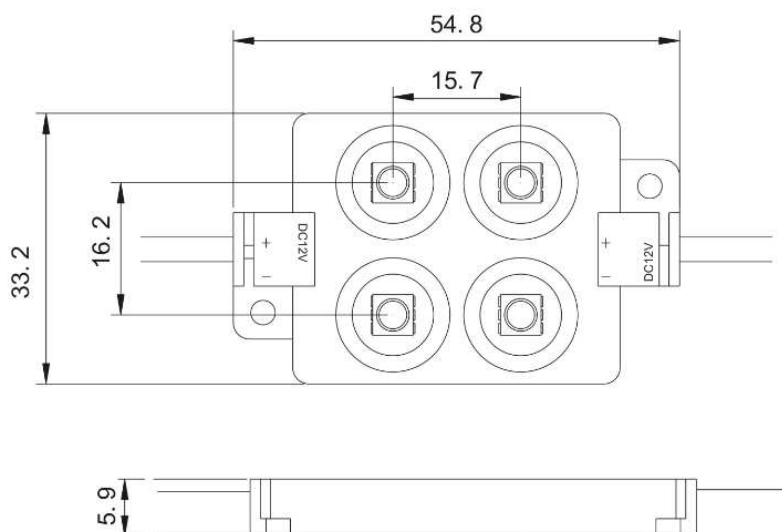

Product benefits

- Very low energy consumption
- Extremely long life
- No UV and IR radiation
- Professional thermal management
- Efficient generation of white light
- Small size, high brightness
- ABS injection shell, fire proofing

Products features

- Adopted high brightness SMD5050 LED as light source.
- Life time up to 50000h
- 3-years warranty time
- 0.96W, DC12V
- IP65 waterproof.

Dimension

Technical data

Name	Injection LED module
Related wattage:	0.96W
Working voltage:	DC 12V
Size:	54.8*33.2*5.9mm
Beam angle	120 °
LED brand	San'an
LED quantity:	4 pcs
Luminous flux	80~88lm
Color temperature	3000K/ 4000K/ 6000K/ 10000K
Light color	warm white/ nature white/ pure white / cold white
Main material	ABS+ LED
Working temperature	-20~40 ° C
Storage temperature	-25~60 ° C
Lifespan	50000 h
Certificates & standard	CE, ROHS, FCC
Max. series connection Qty	40pcs
Group	20pcs per string
Warranty	3 years

Cautions

- Power off before replacement
- Outdoor use and indoor use are available
- Max series connection Qty: ≤ 40 pcs
- Consult competent electricians for technical support
